

May 6, 2005 Chateau Raceway Classic Dwarf Report by Matthew Grage

Sunshine and temperatures in the 70's greeted fans and drivers alike for week five of racing action at Chateau Raceway in Lansing.

The Classic Dwarf class ran a caution free feature event with Mike Gaines of Glenville picking up his second feature win of the year. Gaines held off Drew Jech and Jeff Jech of Austin who rounded out the top three. Gaines also had a heat win with the Greg Kral of Glenville getting the other heat win. It was Kral's first win of the season and he became just the fifth different driver to pick up a win in the class this year. Of the fourteen heats and features ran in the class this year twelve of the wins have gone to Mike, Drew or Jeff.

Overall this year 111 different drivers have competed at the track so far and 41 of them have picked up at least one win showing that the racing has been real competitive.

May 7, 2005 Deer Creek Speedway Classic Dwarf Report by Bill Nelson

After a night of rainfall and some all day track prep the 135 racers and a nice crowd witnessed some really fast paced racing action at the high banked Deer Creek Speedway on Evan's Printing and Meadow Area News night.

Race fans were also greeted by the completion of the concrete work by SS Construction in preparation of the new grandstand complex. The concrete work was completed on Friday with many fans using the pad for lawn chair seating during the racing action. Now begins the process by Quality Rebuilders to install the new bleacher sections before next weeks racing action.

Before the USRA modified feature some quick track work took place to smooth out a few of the rough spots caused by all of the overnight rain. Justin Queensland took the time to announce that the 26th running of the Gopher50 Charity Late Model race featuring the Stacker2 World of Outlaw Late Model series will be taped for a delayed viewing on the Speed Channel.

After two restarts the Classic dwarf car feature got underway with Brian Kiehne moving into second early behind Corey Whalen. With twelve to go Kiehne got around Whalen for the lead with Drew Jech in third. Whalen dropped back a couple more spots after a mid-race caution as Jech and Tate Bestor put pressure on the leader. With two circuits remaining Mike Gaines came on strong working into second as they took the white flag but Kiehne was too strong on the night taking home the win.
