

September 17, 2005 Minnesota Classic Dwarf Report by Roger Anderson

Upper Iowa Speedway in Decorah IA played host for the dwarf car class. With the skies overcast and the threat of rain all night it turned out to be good night racing.

In Heat 1 Shane Hunter had the left front off the track most of the way around. Both heats ran caution free. During the Feature Randy Bryan gave Brian Kiehne a run for his money by hanging on him almost the whole race. One caution came out early with Kevin Bigalk and John Griffen getting tangled up in Turn 3. The crowd showed their appreciation for the dwarfs coming on down with a few fan's stating they would like to see more.
